

I listen to KLove On the station 88.5. This is the only station that my teenage daughter and I agree on. This station has been up lefting to me. I have been listening to KLove for a number of years. When our 16 year old son was killed when hit by a car 6 years ago, g KLove kept us in touch with what God was goin to do to help us through our time of greive. Please help us keep our KLove.
Thank You Bea Davis
